## BENNETT GETS THE ANSWERS

Premier Replies to Questions Regarding Government Railway Policy

## BOYLE STILL ASKS QUESTIONS

Hon. Duncan Marshall Speaks to Second Reading of Two Important Bills—House was crowded

But for one or two exceptions the deliberations of the legislature yesterday gave no indication of any political disturbance. The opposition was quiet with the absence of Mr. Bennett, and the opposition within the government ranks looked on quietly while the legislation now before the House was moved a notch higher.

The exception was occasioned by Mr. Boyle, Sturgeon, who rose to a question of privilege. He accused the deputy attorney-general of taking the liberty to place documents relating to the contract with the Alberta and Great Waterways Railway on the table after he had stripped them of certain important details.

"The file is so mutilated that only such documents as were thought fit are shown," said Mr. Boyle. "If the documents will not stand the light of day, all the more reason why this House should see them. I mistake the temper of the House very much if the members do not insist that all papers be brought down as directed."

Attorney-General Cross in reply said that the government had nothing to hide and that there was not a document of any kind that would not be brought down. He said that the member for Sturgeon had given him an opportunity to look through all documents in his office.

Mr. Boyle in reply said that this

## GOVERNMENT HOUSE LIQUOR

The Subject of an Enquiry by Temperance Alliance in Nova Scotia

Halifax, Feb. 23.—The N. S. Temperance Alliance, which met in annual session at Truro on Saturday, learned that it has proof that the province of Nova Scotia is paying or has paid for liquor used at Government House, Halifax. The general secretary of the Alliance had cited that at a meeting of the Presbyterians, Spud, Premier Murray resented the suggestion. The Alliance appointed a committee to take evidence in support of Mr. Grant's assertion and report it to the convention in order that it might be known whether the revenues of the province had been put to such uses. The committee reported as follows: "Your committee, having examined the financial returns of Nova Scotia for 1909 and copies of vouchers secured from the office of the provincial secretary find that according to head statements made by Rev. H. R. Grant, the people's money was used to provide for a state function at Government House at Halifax is correct." The committee's report was received with cheers.

## COUNCIL HAS OWN OPINIONS

Inclined to Reject Supt. Taylor's Report on Street Railway Extensions

### RAVINE ROUTE TO PARK

Ald. Hyndman and Ald. Lundy Condemn Route by Norwood Boulevard and Stand by Jasper Ave. Extension

The report of Supt. Taylor in regard to the extensions to the street railway system for the coming year was presented to the city council last night, and provoked a lengthy discussion. The report advocated that no further extensions than those to which the council was already committed be made this year unless the department could be relieved from interest and sinking fund and a portion of the cost of such new work. The report stated that the total capital expenditure on the system was now about \$85,000 and if the extensions for which petitions had been received were granted the capitalization would run to \$100,000.

An important recommendation was in reference to the extension this year to Exhibition Park in the east end. The superintendent advised double-tracking the shorter and cheaper route from Norwood along Syndicate to Pine, with a subway under the C.N.R. and G.T.P. tracks. Mr. Taylor further advised that the steam railroads ways be asked to handle the traffic for the present year in case the council decided to undertake the work.

The approximate cost of the Norwood boulevard route was given as (\$1,500 feet single track) \$8,000, and the ravine route (16,000 feet single track) \$25,000.

North Route Condemned.

After Secretary Croskill had finished reading the report, Ald. Hyndman arose.

City Council Decided Last Evening to Make Subway on Jasper Ave. Fall Width of Street

The revision and amendments that are to be made to the present building bylaws came in for an unheated discussion at the council meeting last night, as the result of two letters that have been sent to the commissioners. One was from J. B. McNameon, building inspector, urging the council to make the amendments immediately, in order that plans and specifications for the many buildings to be erected this year may be worked out. The other was from K. P. Barnes, one of the commissioners, composed of the secretary of the business men's exchange and other solicitors—described as able effort.

The Daily Capital asked Mayor Lee yesterday afternoon whether any steps would be taken along this line. "Of course the present idea is to retain the whole block for the city hall," said his worship. "When the city hall is built, then it will be up to the people to say whether any other public buildings shall be erected on the same block."

"Will any action be taken to de-

fine what kind of buildings will be erected on the streets immediately facing the square?" the mayor was asked.

"I am not prepared to say definitely," replied he. "We have no power to place any cost limit on the buildings, but when the building bylaws are amended, we may put in a clause that will not permit of buildings under a certain height being erected on the streets in question. Of course I can't say definitely that this will be done, but it is quite probable that it will. The building bylaws will be amended in about three weeks' time."

"At the present time," continued the mayor, "it is the intention, I believe, to plant shade trees in the block, and in other ways beautify the square so that it will be in keeping with the idea of Edmonton's civic centre. It is an ideal site for the city hall. None could be better."

## PORTUGAL IS MUCH ALARMED

Over the Discovery of Widespread Revolutionary Plot—Many Suspects Arrested

Lisbon, Portugal, Feb. 23.—The government is apparently greatly disturbed at the discovery of a widespread revolutionary plot. Arrests of suspects are being made daily. Confidential information has reached the authorities that a carload of arms and ammunition for the revolutionists was being brought from Germany. A keen watch at all ports has been ordered and the coast is patrolled by troops.

### FIRE WAS AVERTED.

What might have developed into a very destructive fire in Sonnenberg's Hardware Store on First street, was discovered by a fortunate circumstance last evening. Contrary to custom one of the clerks returned to the store last night to get a hook. As he opened the door a cloud of smoke rushed out. He thereupon turned on the alarm.

When the firemen arrived they located the blaze down in the basement. It appears that a large pile of empty boxes had been placed too near the furnace pipe and became ignited. The fire was extinguished with the chemicals. An alarm was turned in at 7:10 p.m. and No. 1 and 2 stations responded.

Had it not been for the fortunate return of the clerk, it is likely that the whole building would have been destroyed as the fire had gained a good start.

## RESTRICTIONS ON BUILDINGS

On Streets Facing the City Square May be Placed by the Council

There has been quite a lot of discussion as to whether the civic authorities would take any steps to beautify the block where the market is now situated, if the first street site was chosen for the new market building.

The Daily Capital asked Mayor Lee yesterday afternoon whether any steps would be taken along this line. "Of course the present idea is to retain the whole block for the city hall," said his worship. "When the city hall is built, then it will be up to the people to say whether any other public buildings shall be erected on the same block."

## THE RIOTS IN PHILADELPHIA

Imposing Figures Regarding Result of Disturbances of Past Few Days

Philadelphia, Feb. 23.—Two dead, three dying at the point of death in hospitals, and more than a thousand injured is the toll exacted by the reign of lawlessness which has existed in the city for three days, and which may be renewed today as the Philadelphia Rapid Transit Co. expects to have more cars in operation than on any day since the strike started. More than 1,000 persons have been tried for rioting and 38 have already been indicted by the grand jury. The stock of window glass in the city suitable for car windows has been exhausted. The company announced today that no more broken windows can be replaced until more glass is secured. More than 2,000 windows were broken yesterday, running the total for the four days of the strike to well over 5,000.

## JOSEPH MARTIN HAD FLOOR

Criticizes Premier Asquith for Attitude in Regard to House of Lords

London, Feb. 22.—In the commons, Joe Martin caught the eye of the speaker late last night and in his speech maintained that the only reasonable interpretation to put on the premier's pledge, made in Albert Hall, was that he would ask the King for a guarantee to create, if need be, a sufficient number of new peers to force the veto bill through the lords. They had a right to construct the pledge and it was no adequate explanation to say now that what Mr. Asquith had in mind was an act of Parliament. No subsequent explanation though given in perfect faith could affect the original statement. He was a royal Liberal but he had been elected to support a reform of the lords which he understood was contemplated by the government. The government would put him in a false position if they called on him to support a proposition of that kind. He appealed to the government not to destroy the great powers placed in their hands simply because of any fear of approaching His Majesty in order to obtain necessary assurances. The Chronicle's parliamentary correspondent refers to the statesmanlike speech of Mr. Martin who spoke with trenchant power but in a tone of voice louder than is usually heard in the House of Commons.

Such documents, if forthcoming at all, are to be laid on the table today for examination by the members.

There will be no opportunity before the adjournment, so Mr. Boyle will probably ask to have a postponement of the time set for introducing his resolution. There is no likelihood to a sitting of the legislature this evening.

Once more disappointment will probably reign among the visitors in the gallery who daily attend the legislature in anticipation of something to happen.

## LIKELY TO BE DISAPPOINTED

Crowd at Legislature this Afternoon in for Another Postponement of Debate

Mr. Boyle gave notice on Monday that today he would introduce his resolution censoring the government for the contract made with the Alberta and Great Waterways Railway Co. It was expected that Mr. Boyle would be prepared to make that notice of motion and that Hon. Mr. Cushing would come forward with his explanation for withdrawal from the government which explanation has been so long delayed.

The insurgents leaders now claim that they will make no statement in the house until all the papers appearing to the contract made with the A. & G. W. R. Co. are laid on the table. Mr. Boyle rose in the House yesterday to say that certain important documents had been withheld and today in an interview with the Capital said that the members of the House should have an opportunity of seeing all the documents before any statement derogatory to the government should be made.

Such documents, if forthcoming at all, are to be laid on the table today for examination by the members.

## A DIVISION OF ALBERTA

Would it be Well for this Province to Follow the Example of the Dakotas

The Coleman Miner has this to say on Saturday in its editorial page:

The external unrest and the political friction which was first created by the establishment of the provincial capital at Edmonton and since aggravated by the terms of the proposed agreement with the Alberta and Great Waterways Road Co., has at last broken the hitherto unruffled surface of the political seas. The course of Premier Rutherford and his government could not but bring disaster upon their heads. A仲eman' Miner is not taking this view for opposition purposes as the Miner is Liberal and the writer has always supported the Liberal administration in the past. But it is so clear that only by subdividing the province as the Dakotas were done, can the solution of the present difficulty be overcome.

**THE COUNCIL MUST NOT DELAY**

The opinion that appears to prevail at the city hall just now in regard to the disposal of the market square is that the new civic structure should be placed in the centre, the rest of the site devoted to park purposes and building restrictions placed on the property facing it on all four sides. If this were done, it would mean a great deal accomplished in the right direction. If the policy thus outlined is carried out, there should be no question about the location of the public library. A site should be obtained somewhere facing the square. The council at the very earliest opportunity should place itself definitely on record as in favor of this plan. They need have no hesitation on the ground that they are running in the face of popular sentiment after Monday's vote.

Then the public library board could go ahead and make its selection.

The Capital believes that it would be still better for the council to secure a city hall site facing the square, leaving all the ground there available for park purposes.

It also thinks that the city should endeavor to obtain some of the profits which would accrue from its expenditure in securing such an ideal property round about that has not permanent structures upon it at present, and then redressing it after the improvements are made.

But even with the proposals adopted in the limited form that is apparently favored in official circles, Edmonton would have a civic centre that would be a source of much pride as well as convenience.

What should be impressed upon us is the need for coming to some definite understanding.

The library project should not be held up,

and with another building season close at hand there is no telling what extent the conditions that prevail on the property round about will continue.

The people realize what an asset they have in this square and they will warmly support the most progressive policy that is adopted in regard to it.

The Calgary Albertan says:

"There are many new facts coming to light all the time. One of these is that the road is not nearly as long as represented, and that the distance actually less than 350 miles, instead of 350. Does not this fact the company is to get the guarantee for the 350 miles and let the balance after all is done?"

The Capital can find nothing in the act or tribe agreement to bear out this statement.

It is distinctly stipulated that the proceeds of the sale of the woods shall be paid out upon the completion of "every section of ten miles to the satisfaction of the Lieutenant-governor-in-council according to the said specifications and as certified upon the certificate of the said engineer, so appointed by the Lieutenant-Governor-in-Council, at the rate of \$200 per mile."

It is also stipulated that the company's lines are "to be of the length, including branches and sidings, as aforesaid, but not including the mileage of the Edmonton terminals, of at least 350 miles."

This is clear enough. Under 350 miles are built, the \$200 per mile for that part of the rate of \$200 per mile, will not be paid over. If the people are assured in the first place that the line will be pushed to completion and in the second that the road will be a sufficiently valuable property to serve as ample security for the guarantee that has been given, it is difficult to understand what objections the agreement is open to.

These are the two points which should be kept closely in view in following the debate which is impending in the Legislature.

King Menelik, of Abyssinia, is afraid that his doctor is trying to make away with him. A monarch who has already killed a half-hundred times by the newspaper correspondents shouldn't mind a little thing like that.

"I'm off for Philadelphia," is temporarily taken off the list of popular songs.

The British House of Commons having its Irish up, Mr. Asquith's position is described as rather uncomfortable for the time being.

**Another View of the Situation**

(Carlton Star)

There is no question that there is considerable sentiment at the bottom of all, the north versus south, even since the location of the capital, which stirred the first session of the first Provincial Legislature.

After that came the location of various public institutions. Scientific, across the river from the capital, got the University, Calgary the south, and Edmonton the North Alberta Land Titles Office. Ponoka has the asylum, while Medicine Hat got the Minister of Agriculture, and Calgary the Minister of Public Works and the Normal School.

So it went, until an Agricultural College and more railroads were considered Alberta's next absolute necessities.

Here comes the real light.

The distribution of favors seemed to be pretty evenly divided, but as soon as Edmonton, because of its geographical location, got three transcontinental railways; then in addition to this was the first district to receive the much flaunted government aid in support of Alberta and Great Waterways Railway and later it has been discussed, or rather it seems that way, that this question has been passed over.

That would be the real innocent bystander—was killed as the result of a melee at Market and Twelfth streets, right in the centre of the town. There was shooting and jeering at the strike breaking crew of a westbound car. The strikers got down and engaged some of the rioters. The victim was not yet been identified. While trying to get out of the rumpus they were struck by a car bound east and crushed between that and a delivery rig. They were dead when picked up.

**MARTIAL LAW WAS A FARCE**

Rioters Chase Troops, Strip Them and Throw Them Into Sewers

**WILD DAY IN PHILADELPHIA**

A Bystander Killed by a Policeman—Very Few of the City's Cars are in Operation

Philadelphia, Pa., Feb. 22.—The mob, the bomb, and the torch field command of the street car strike situation here today. Martial law was declared in the city, but the rioters made a farce of it. They stripped the uniforms from the backs of the sentinels, the one military organization that was called out, and threw their coats, hats and rifles into the sewer.

Then they pelled the militia men with bullets extracted from their own cartridge boxes, and drove them in ignominious flight.

All over the town there was rioting and stoning of cars and there were several burnings and one bad case of dynamiting. The outbreaks came with the suddenness of explosions, not only in the very heart of the outlying districts, but in the very heart of the city. In most cases the car crews were driven away before the police could come to their aid, and their trolleys were untraced and demolished.

The police were admittedly unable to deal with the situation and their militia helpers were worse than useless. The blue coats drew revolvers in some cases, but either from motives of sympathy or demoralization seldom fired even in the air. The state Penitentiary fixed their bayonets and had their rifles loaded with ball cartridges, but they never charged or stalled.

The odd amount of \$801.30 should be earned by the department, having the net cost \$15,000, or a reduction over last year of \$1,300. This estimate is, of course, based on the same amount of work as was done last year and may be exceeded owing to the city's growth, but the prospects for a decrease in the cost of the work are good and we would recommend that the scavenging for 1910 be undertaken by the health department.

Council Approves.

The probable decrease in the cost of the work will be due to the fact that about 1,500 houses will have water and sewer connections installed in them during the year, which will greatly lessen the amount of matter to be removed.

Ald. Hyndman was of the opinion that the work could be done a great deal better by day labor than by contract.

**CIVIC CONTROL OF SCAVENGING**

Work to be Placed Under Direction of Public Health Department at Reduced Cost

As announced in yesterday's Capital, the city will this year take over the control of the scavenging for 1910, and will do away with the contract system in connection with this very important item in the health of the city. It will be natural, the work will be under the supervision of the health department. This action was decided upon at the regular meeting of the city council held last night.

The report of the commissioners, as follows:

**Health Officer's View.**

"The medical health officer being of the opinion that better results could be obtained if the scavenging of the city were done by the health department, under a capable foreman, than under the contract system, your commissioners, after going fully into the question, are of the opinion that the city can lose nothing by giving the department a year's trial. Mr. Feters, who had charge of the work for the past two years, can be secured to act as foreman. There will be practically no capital expenditure (in fact there need be none), but we would recommend the purchase of three of the tanks used by the present contractors at a cost not exceeding \$300. Most of the men and teams at present on this work can be secured, so that the staff will be familiar with the work and the city from the start.

The estimated cost for the year is as follows:

"Foreman, including his own horse and rig, per day, \$5.60.  
"Night foreman, \$300.  
"Seven teams four day and three night, at \$450, \$31.50.  
"Four extra men at \$2.50, \$10.00.

## FRED TAYLOR IS DROPPED

By Renfrew—Coach Alf. Smith Seems to be Changing the Line-up Considerably

Renfrew, Feb. 18—Eleven of Renfrew's hockey professionals were out at a hard practice game last night, the two sevens being made up by the inclusion of three "Rivers"—Lalonde of Les Canadiens is the latest acquisition and will, it is learned, play against Cobalt and Haileybury. The team, it is understood, will be Lindsay, goal; Frank Patrick, point; L. Patrick, cover; Lalonde, rover; Jordan, centre; Miller, right; Rowe or Fraser, left.

A C.P.R. car is awaiting them for the trip. It has been specially fitted up with every comfort, and fully provisioned with every delicacy, the cuisine being in charge of a C.P.R. expert, making it in fact, a well appointed travelling hotel for the next six days.

## ISBELL NOW A MAGNATE

The Former White Sox Player has Bought the Wichita Franchise in Western League

Fred Isbell, for many years a valued member of the Chicago White Sox, has blossomed out as a Western League magnate, having bought the Wichita (don't attempt to pronounce but squeeze it) franchise. The Chicago Tribune gets the following in its chest regarding the incident:

F. ISBELL, MAGNATE.

Izzy, peerless Izzy;

Izzy, hairless Izzy;

Who used to swing his "Evelyn" for Commy and the Sox;

Izzy, cheerful Izzy;

Izzy, scurvy Izzy;

Who helped to win some pennants with his bean and mighty knobs;

Izzy, busy Izzy;

Is he a magnate—is he?

Why, the large cheese in the dairy out in wind-swept Wichita.

The youngest but the strongest,

The shortest but the longest, Boss Izzy, we're delighted once more to shake your paw.

Deys Leaves Haileybury.

Edgar Dey, until recently rover of the Haileybury team, has quit that outfit. He is suffering from an injured shoulder.

According to Edgar, Haileybury made a mistake in allowing Harry Smith to go. Smith is playing with Cobalt now and putting up a wonderful brand of hockey. Dey predicts a change in the Haileybury management next season.

Another case of "Hogtown." Now that Fred Meadows of Guelph is winning all the professional foot races he figures in the newspapers as "Meadows of Toronto." Not long ago Fred, was referred to as the "Guelph Lemon."

## PASSING OF "BAT" NELSON

The Pride of Hegeswich was all in During the 40th Round and Wolgast was Given the Decision

San Francisco, Feb. 22—Battling Nelson is no longer champion, but the extent of his powers of endurance is still a thing to be guessed at.

His fight with Ad Wolgast at Richmond today was stopped by Eddie Smith in the fourth round at a time when Nelson stood upright on his feet. But the referee acted wisely, for in one or two rounds before the last, Nelson leaned across the ropes in a manner that suggested impending collapse. His face was punched out of all semblance and great strawberry blottches around his stomach and hips bore testimony to the merciless battering.

Nelson was too feeble to fight on with any hopes of success. Wolgast's eyes were swarthy, while Nelson's were lustreless. The Dane had lost all sense of distance and direction and could only fling out his arms in a feeble way.

The champion was a mere punching bag for Ad and to have allowed the thing to continue would have been to have incurred the risk of a fatality.

It could be seen in several of the rounds before the finish that the referee was uneasy. He eyed Nelson closely, especially whenever the man from Hegeswich arose from one of his leaning positions across the ropes. At the end of the 30th, which was a particularly severe one for Nelson, Smith took the champion by the elbow and led him to his corner.

Nelson and Wolgast were well under the required 133 pounds ring weight, the champion being the heavier by a few ounces. Wolgast said last night: "I desire to win this championship in a clear, sportsmanlike manner; that is, I don't want to win on a foul. Unless I am rendered helpless by such tactics, I shall overlook them." Champion Nelson also expressed his determination to waive fouls unless they were of a serious nature. Although the weather turned predicted showers for today, the advance ticket sale indicated a record-breaking attendance.

Betting on the result was heavy, the odds favoring Nelson, at 10 to 7, but plenty of short-end money was in evidence. Considerable wagering on the length of the contest was registered, even money being offered that Wolgast would stay twenty-five rounds. Among the spectators were Ted Rickard and Jack Gleason, promoters of the Jeffries-Johnson fight. It is generally understood that the promoters are seriously considering the selection of Richmond as the scene of the battle of the heavyweights.

"We are showing our new muslin underwear," runs an ad. in the Orlin, O., Tribune.

## LLOYDMINSTER vs. LACOMBE

The Last Game for the Northern Alberta Championship Takes Place Friday Night

The Plaindealer says: "It is expected that the Lloydminster hockey team will arrive here for the return championship match with the locals Friday night. No word has yet been received in the city to the contrary, and according to arrangements this is taken to indicate that the game will come off according to schedule. The eastern players lodged a protest against the Strathcona team in the game last week, but this is doubtless without foundation, the team representing this city being all eligible amateurs picked for the main part from the student teams. A rattling good game ought to be the result of the second meeting here Friday night."

## BILL O'HARA FOR TORONTO

The Former Giant will Sign with Joe Kelley if Rojak Bresnahan Passes him up

Baltimore, Md., Feb. 21—Manager Joe Kelley of the Toronto Club, while hinting at it for some time, has about made up his mind that he can serve his team better by directing his men from the bench than in the field. With this view uppermost in his mind, he went to New York last night to secure Outfielder Bill O'Hara, formerly an Oriole.

Toddy Kelley got in touch with Roger Bresnahan of the St. Louis Nationals and had an extended talk with him. A good sum of money was offered Bresnahan, who is the man who prevented Kelley from getting O'Hara when McGraw let him go. Assurances were given Kelley that O'Hara won't in all probability be with Toronto this season. Bresnahan stated that he never wanted to hold him for a short time in order to see if his own outfit would measure up to expectations. He told Kelley that he need not worry, as he felt sure that he would let him have the fleet Toronto boy. This will give Kelley Outfielders O'Hara, Delahanty and Grisham, thus making it unnecessary for him to play except in a pinch.

Jack Dunn today sold Catcher Hughey Hearne to the Newark Club. Joe McGinnity made Dunn a good offer over the thousand mark and the latter accepted it.

## COURT MAY MAKES GOOD IN GOAL

There was a Good Attendance and Local Forwards Gave Splendid Display of Speed and Combination Work—Each Forward Figured in the Goal Summary, G. Banford and McCannon Both Getting 3 Counters

Visitors were the Heavier Team but Slow and Awkward

—The Work of Judge of Play Pettipiece Looked Very Poor to the Spectators

The Adanac team, amateur champions of Saskatchewan, were not in the same class with the Deacons last night. At the beginning the visitors put up a little fight and had their share of the play. Indeed, they got a number of shots on goal, and those that were not wild were eaten up by Court May, the high school goalkeeper, who certainly made good with a vengeance. It was May's first break into fast company and he played the same star game he has been putting up all season with the Intercollegiate champions.

The first half was not good hockey. The Adanac team loafed consistently and started a little rough play. When our boys got it back at them the judge of play handed out heavy penalties. As an official, Mr. Pettipiece was a joke and even though he may have started out to give our team a square deal he could not bear to see the Adanac team lose. He is without doubt the most biased official we have seen this season.

Deacons team put up the best exhibition so far this season and it is to bad they did not have a strong team to go up against.

## LUSSI AND BLEXFORD AGAIN

Deacon White is Assured the Services of a Good Pitcher and a Classy First Baseman

Manager Deacon White of the Edmonton baseball club, has some good news for the faithful fans. Lussi of fond 1908 memory, who batted .350 that year, has signed up for 1910 with the locals. He is a player that knows what a bat was made for and should have the rising outfields all in shape to run Marathons by the end of the season. Lussi played in the Inter-mountain League last year and Deacon had one hard time finding him. He may be used at first base, but it is extremely likely right field will be his regular stamping ground.

Another old favorite has been seen in the person of Blexford. Blexford was a great favorite with Edmonton

play better in a smaller rink where they could use their weight to better advantage. They are a sturdy looking bunch with little idea of combination and cling to the old lifting game of years ago.

The referee, J. Sheppard, missed a number of officials but on the whole made an impartial official. Neither team got an advantage by his decisions.

The game was witnessed by a very fair crowd considering the coldness of the weather and there was the same old delay in commencing.

The Adanac team leave tomorrow morning by the C. N. R. and play their next game at Battleford, Sask.

## JEFFRIES MAKES BIG MONEY

The Peerless Fighter Took Down \$68,000 for his Tour of 83 Days

James J. Jeffries drew down \$62,812.28 for his tour of eighty-three days, in which time he appeared at ten performances. He received a salary allowance of \$12,666.66, while his share of the profits amounted to \$38,445.60.

The gross receipts of the tour amounted to \$203,712.18, of which the company's share was \$148,616.28. This was the pith of the statement issued yesterday by Harry Frazer, who managed the show from the time it started at Atlantic City, Nov. 19, 1909, until it closed at Hibbing, Minn., on February 12.

Wrestling Champion Frank Gotch received a salary allowance of \$13,261.85. Frazer and Sam Berger, who was the former's partner in the venture, took for their end \$13,261.85. There was considerable expense attached to the tour, which was paid by Frazer, except hotel bills, these being paid by the principals. Railroad fares, including private cars on part of the journey, amounted to \$10,463.10, while incidental expenses reached \$6,381.31.

World's Tour Should Net Fortune.

From this statement it easily can be seen that no show of the kind ever attempted netted such huge profits, and if Jeffries is successful in defeating Johnson on July 4 the world tour of ten months which Frazer has planned should bring hundreds of thousands of dollars.

The receipts ran from \$408 at Hamilton, O., to \$5,010 at Denver. At no stage of the trip was Frazer, the promoter, in danger of losing money on the venture, and the tour served the purpose of testing the pulse of the people in regard to the coming battle. According to Frazer, the people marvelled at the Californian's condition. He left a most favorable impression in every city, and when he enters the ring on July 4th, he will have the support of three-fourths of the people who have seen him before the footlights.

The idea of taking Jeffries and Gotch on a tour first came to Frazer in a vague way while he was talking to Sam Berger in Chicago. Previous to seeing Berger, Gotch had submitted the proposition to several theatrical promoters in the country, who were not willing to take a chance by paying the salaries asked by Berger.

Frazer Grasps the Opportunity.

Frazer in an instant saw the success of such a tour, and after ten minutes' conversation contracts were signed. The tour started a few days later. Although a gamble, Frazer made it the most successful financial tour ever attempted.

The show opened at Atlantic City, and all the principal cities of the United States and Canada were visited. The company travelled 22,112 miles, was eighty-three days on the tour, appeared in ninety-eight cities, and gave 101 performances.

The public pulse as to the feeling toward Jeffries was tested north, south, east and west, and everywhere an enthusiastic welcome was accorded him, "said the Chicago promoter.

Jeffries now a magnate . . . . u. 5

Hockey as played by the American colleges would look queer to a Canadian spectator. They commence the game with 10 or 15 substitutes and when a player looks tired he is replaced by another. Allee same American Rugby.

## MARTEL'S WAGER

Many Prominent Ottawa Citizens will Back their Team in a Game on Neutral Ice

Geo. Martel, the Renfrew magnate, can easily have that \$5,000 side bet of his, for a game between Ottawas and Renfrew on neutral ice, covered if he really wants to put up the coin. A dozen Ottawa business men have offered to take pieces of the wager, and there is no doubt but what the bet could be covered several times over, if the game is arranged. At the same time, the Ottawa sportsmen are anxious to know the reason the Renfrew backers did not loosen up before Saturday's match.

Montreal Wrestler Wins.

Cleveland, Ohio, Feb. 22—Eugene Tremblay, of Montreal, easily retained his title as champion catch-as-catch-can lightweight wrestler, in a match last night with John Biller of Toledo. He defeated Biller in straight falls.

## ST. MARY'S WIN ANOTHER

They Just Beat Lacrosse-Hockey—Score 10 to 8—Astell, McKenzie and Sparrow Starred

Calgary, Feb. 22—The Lacrosse-Hockey team got another wallop last evening at the hands of the St. Mary's, by a score of ten to eight. The game was in the senior city league schedule.

The chief excitement came from the number of goals scored during the game. At half time the Saints had a four to one lead. When the second half commenced the late champions made a great flash, and Melross scored. Then Walper went off for taking a poke at McDonald. While he was on the fence the I.A.H. scored three goals in about five minutes. This put them in the lead. The Saints did not stay behind for long. McKenzie, Sparrow, and McKenzie came back with games, and this cinched the match for the green and whites.

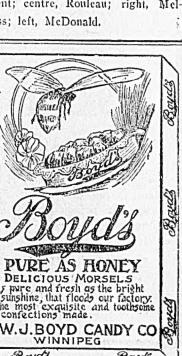

Green played forward in A. McHugh's place, the latter playing cover instead of Frank McHugh. The Lacrosse-Hockey team made more changes. McKenzie, a youngster, was in goal, vice Laing, and Bill Bates was brought in at point, King playing cover and Ab Kent at rover.

Doe Gibson and Percy Powell were the officials, and they did not let the players get away with very much.

The teams were:

St. Mary's—Goal, Astell; point, Walton; cover, McHugh; rover, Walper; centre, McKenzie; right, Green; left, Sparrow.

Dacrosse-Hockey—Goal, McKenzie; point, Bates; cover, King; rover, Kent; centre, Routledge; right, Melross; left, McDonald.

Like a great blizzard the snow-white things have heaped themselves in many sections, every table is a mass of billowy whiteness, every garment suggests the coming spring. Of course, a few cold snaps are to be expected before that time is realized, but the white sales are always early and show no sign of changing. They enable you to get the pick of summer whitewear; they offer you a choice of all the pretty new styles (and women are always eager to see the new things).

Women's Underclothes, Dresses, Waists, Lingerie Corsets, Linens, Laces, Embroideries, Gloves, Handkerchiefs, Lace Curtains, and also Men's Furnishings join in this great semi-annual event.

It is white sale news from the whole store—particularly the second floor. Not only are there great quantities of carefully chosen merchandise—but the sale brings a whirl of unusual values—values the like of which are peculiar to this store. We picture a few on this page.

## THE DAY IN STRATHCONA

Budget of News from the City of the South Bank of the River

On Friday evening the Lloydminster hockey team, winners of the eastern division of the A.A.H.A. district, will play the second game in the semi-final against the teams on the Strathcona side. The game is called at 8:15. Strathcona won the first game of the series by 1 goal. A close game is expected. The winners of the round will play off with the winners of the central district for the Rutherford Cup.

It is anticipated that Alberta College will commence their building near the University site in the west end early in the spring. The college is to cost about \$100,000. It may be ready for occupation next fall. The dormitory or residence in connection with the University will be commenced as soon as possible. It is hoped that it will be completed by the beginning of the year.

Mr. and Mrs. J. S. McWright arrived home on Monday, after a two months' visit in the States.

Mr. Athol Bisset, B.A., has entered the law office of A. S. Marks of Edmonton and commenced on his duties in that village on Monday.

The A. H. Richards Co. are making preparations for the removal of their stock from the Mills Block to their own block on Whyte Avenue. They expect to get into their new quarters about the first of March.

A mass meeting of farmers has been arranged for Saturday, February 26th, in the Bauman Block, for the purpose of discussing the question of the proposed government pork packing plant. Meeting is called for noon.

Carling results in Lord Strathcona Cup series:

Strathcona Council.

Present—Aldermen Richards, Pollard, Bush, Congdon, Calder. In the absence of the mayor in accordance with motion passed Alderman Richards took the chair.

Communications were taken up as follows:

A letter from the British American Security Co. stating that they have sold certain Strathcona bonds amounting to \$88,000, and requesting a copy of bylaws and other legal papers in this connection. This was referred to the city clerk, and the city solicitor to answer.

A request from the Strathcona board of trade for a grant of \$2,000 for expenses of the year 1910. A strong deputation from the board of trade was present. President R. B. Douglas presented their claims and at the request of the aldermen, Mr. Robert Richie, Mr. G. W. Marshall and Secretary E. T. Blaine each spoke and made further explanations of their expenses and the work they were doing. It was stated that the first estimates were for \$4,000, but all the figures had been gone over carefully and that \$2,000 was the minimum with which they could expect to give efficient service, with an addition of any other income which they receive from membership fees. At present there are fifty-two members. The board expected to prosecute an active advertising campaign this year. On the motion of Ald. Bush, seconded by Ald. Pollard, it was agreed to grant them the amount requested.

The city solicitor, F. C. Jamieson, asked that his salary be increased to \$50 per month. Moved by Ald. Congdon, seconded by Ald. Calder, that matter be laid over till next meeting.

The city solicitor, F. C. Jamieson, asked that his salary be increased to \$50 per month. Moved by Ald. Congdon, seconded by Ald. Calder, that matter be laid over till next meeting.

A communication from J. M. Eaton enclosing list of orders on fire hall construction work. After discussion it was left with fire and light committee with power to act after consulting city solicitor.

Communication from Western Clays Co., Ltd., making further references to their location in Strathcona. By motion of Ald. Bush, seconded by Ald. Calder, it was referred to a special committee who had that matter in hand.

Ald. Bush asked for authority for fire and light committee to purchase seats enough to last for fire hall until Nov. 1st.

Ald. Calder reported for special committee on street car service, that they had waited on Capt. Taylor who discussed the matter with them and granted all requests except half hour service which he promised would be put on when new cars arrived.

Ald. Congdon reported on work of fencing enclosure for mouse. The delay was due to their inability to procure proper wire.

Moved by Ald. Calder, seconded by Ald. Bush, that the secretary-treasurer be instructed to write J. M. Douglas, M.P., requesting him to see what could be done towards procuring a pair of buffaloes for Seaman Park.

The bylaw with reference to the appointment of G. J. Kinnaird of Edmonton as city auditor was passed unanimously after its third reading.

Moved by Ald. Calder, seconded by Ald. Bush, that the indemnity for the mayor be \$1,000 for the year 1910. Carried.

Ald. Congdon gave notice that at next meeting of the council he would make a motion that a meter be placed in the water system to measure all water pumped into supply tanks to estimate all the water used by the city during the year.

On motion of Ald. Bush, seconded by Ald. Congdon, the council granted Aldermen Donnan, Lendrum and Tipton a leave of absence until the 31st of March.

The following accounts were ordered paid: J. W. Morris, \$10.08; Brackman-Kerr Milling Co., \$3.30; Mc-

Combs Hardware Co., \$13.25; Great West Saddlery Co., 15c; A. H. Richards & Co., \$20.70; W. J. Scott, \$2.00; E. White, \$9.40; Blain & Co., \$45.50; J. D. Hutton, \$8.00; F. Ingram, \$7.50; Douglas Co., \$7.00; Canadian Westinghouse Co., \$210.45; J. Grove, \$30.30; F. Cowles, \$6.55; Bush & Co., \$8.40; F. A. Peel, \$12.00. Total, \$62.53.

### Y. W. C. A. CONCERT

Most successful in every way was the Y. W. C. A. concert given by Miss Ethel Webster, at the Edmonton School of Music at the First Baptist Church last evening. The event was under the distinguished patronage of His Honor the Lieutenant-Governor and Mrs. Bulyea, and under the auspices of the Y. W. C. A. Auxiliary. Probably no musical contribution to local artists has ever given such general appreciation. A splendid reception was especially tendered to Miss Jean Melson, the talented pianist who recently arrived in the city from "Tampa."

The program was as follows:

1. Trio: "Marchenabzungen"; Schumann, Viola, Mr. Hendra; Clarinet, M. P.; Violin, Piano, Miss Jean Melson.

2. Vocal Solo: "O Paradis"; Meyerbeer, Mr. Hendra.

3. Piano Solo: Polka de la Reine; Raff, Mr. Wats.

4. Aria: Vals; Czawie; Bleemberg; Miss Ethel Webster.

IMPORTERS AND BREEDERS OF FINE CLYDESDALES,  
PERCHERONS AND HACKNEYS

We have fifteen imported stallions on hand now, nearly all of which were winners at the big shows before imported, and have two on-lords of Percherons and Clydesdales on the ocean now that we expect will land about February 1st.

Those are all the big, wide as a wagon type and are sure to please you if you need a horse. Write and tell us what you want and you can be sure of a square deal.

Imported Clerkenwell, the famous unbentone, Hackney, winner at Toronto, London and Edmonton, will again stand for mares at Edmonton this season of 1910, at \$25.00 to insure a colt. Book your mares early.

We have on hand now fifteen imported colts, nearly everyone a prize winner in the old country, and have two carloads on the ocean now, that we expect to land about February 1st.

Write to us at Wawanesa, Man., or Vegreville, Alta.

## Just Good Enough

## To Be Dangerous

If poor advertising mediums were ENTIRELY worthless they would not be dangerous! For they could not, then, make any appeal whatever to sensible advertisers.

But an advertising medium which has a LITTLE MERIT is, like "a little knowledge," a "dangerous thing." Some business men there are, always, who--for considerations of "cheapness," etc.,--will either rely upon such mediums wholly, or give them an absurdly large part in their advertising campaigns.

### BENNETT GETS THE ANSWERS

(Continued from Page One)

was the first intimation he had received that an individual was given access to all the official papers. Mr. Bennett and he had both tried to see the documents in relation to the A. and G. W. R., but they felt they had documents which were not placed on the table. He was of the opinion that all telegrams were in connection with the country's business and he would like to know whether the deputy attorney-general was running the government or the premier.

"If the privilege of seeing documents in the office is granted, how would it be to lay all documents on the table," added Mr. Boyle.

"No objection at all," replied Mr. Cross, "I have never had."

#### Marshall Makes Speech.

In speaking to the second reading of two important bills, from Mr. Marshall made his maiden speech in the legislature. The act respecting charges upon land contained in certain instruments, he said, was intended to amend agreements made by some machine companies, whereby those who required such agreements found that they had put their signature to a mortgage on their farms. The bill would thus remedy the reading in of a mortgage in an agreement of sale.

Mr. Boyle suggested that it would be desirable to have the bill as an amendment to the Land Titles Act. The bill was, however, referred to the committee on legal bills, where Mr. Boyle will have an opportunity to make any suggestions.

From Mr. Marshall also spoke to the bill respecting the rights of married women in the estates of their deceased husbands. This was intended to remedy those exceptional cases where the husband willed away his property to the exclusion of his wife who was entitled to a fair share. In such cases, the courts, after the passing of the bill, could give the widow one-half of the estate under ordinary circumstances, the same as she would be entitled to if the husband died intestate. Mr. Boyle, Sturgeon, and Mr. McKenzie, Claresholm, spoke in favor of the bill, the latter inquiring why the bill did not protect innocent husbands.

Bills to receive a first reading were respecting incorporation of the High River Hospital and amendments to the Strathcona charter.

Petitions presented were from Mr. Glendinning, protesting against incorporation of Stavely Club; from Mr. McDougall, Edmonton, asking that the name of the Edmonton Hospital be changed to the Royal Alexandra; from Mr. McLean, Lethbridge district, requesting increased borrowing powers for the town of Taber, and from Mr. Glendinning asking for municipal franchise of women.

The questions asked by Mr. Bennett as regards the government guarantee of bonds of the C.N.R., G.T.P. and the A. and G. W. R. were answered as follows:

#### Answers to Mr. Bennett

1. At what price were the bonds of the Grand Trunk Pacific Branch Line Railway Company, guaranteed by the Government, sold?

Ans. 97 in London 94.32 Edmonton, taking rate of exchange at 4.86 43.

2. Who was the purchaser?

Ans. The Grand Trunk Railway Company of Canada received applications for these bonds from the public.

3. What was the total amount realized?

Ans. The total amount realized less expenses, \$2,205,474.16. This amount less \$8,666.00 being deposited to the credit of the Provincial Treasurer in the Merchants Bank of Canada, Edmonton, said \$8,666.00 being the interest due on the said bonds 1st November, 1909.

4. In what Bank or Banks was the money deposited?

Ans. Answered by Question 3.

5. How much has been paid out to the Company?

Ans. \$357,500.00.

6. When was the same paid?

Ans. 7th February, 1910.

7. At what price were the bonds of the Canadian Northern Railway Company guaranteed by the government sold?

Ans. 97.10 per cent, in London, 94.72 Edmonton, exchange 4.86 2-3.

8. Who was the purchaser?

Ans. Advised by the Railway Company that they were taken up by public subscription.

9. What was the total amount realized?

Ans. \$27,671.84.

10. In what Bank or Banks was the money deposited?

Ans. The Canadian Bank of Commerce, Edmonton.

11. How much has been paid out to the Company?

Ans. Nothing.

12. When was the same paid?

Ans. Answered by No. 5.

13. Great Waterways

What date do the bonds of the Alberta and Great Waterways Railway Company, guaranteed by the government, bear?

When was the first instalment of interest due?

If past due, has it been paid?

If so, by whom?

Answer to 1, 2, 3, 4: Interim bond for \$7,400,000 bears date October, 1909. This bond was sold November 1, 1909, and was sold to purchasers on that date. The lithograph bonds are now en route to Edmonton and when signed, the first two interest coupons bearing date June 30, December 31, will be torn off, this being agreement with purchasers; the interest from November 1 to Jan. 31 having been paid by the Company.

5. Has the Alberta and Great Waterways Railway Company, or any person or corporation under them, let the contract for clearing the right-of-way and is it a fact that their right-of-way for a considerable portion of the railway line between Edmonton and Lac la Biche is now being cleared of timber and brush?

6. If so, how many miles, and to whom was the contract let?

7. How much of the said right-of-way has already been cleared, and where is it located?

8. Has the contract been let by the said railway company, or by any person or corporation under them, for the supplying of the timber for the construction of said road?

9. If so, to whom was the contract awarded?

10. Is it a fact that the contractor supplying the ties for said railway company is at liberty to supply spruce ties, and is he supplying spruce ties at the present time?

11. If so, how many spruce ties has he supplied to the said company?

12. Has the Alberta and Great Waterways Company taken out a permit or permit from the Government of Canada through the land office at Edmonton, for spruce ties for the said company?

Answers to Questions 5 to 12: These are matters of domestic concern to the

company and entirely within its knowledge and government have no knowledge.

13. When was the sale of the bonds of the Alberta & Great Waterways Railway Company effected?

Ans. November 1, 1909.

14. On what date were the said bonds signed by the chairman of the executive council, or any officer authorized by the government to sign same?

Ans. October 28, 1909.

15. What amount, if any, was received or accrued therewith by the province on the disposition of the bonds of the said railway?

Answered by answer to Questions 1, 2, 3 and 4.

16. Who signed the said bonds on behalf of the Government?

Ans. Provincial treasurer.

17. Who negotiated the sale of said bonds to Morgan & Co., and was any commission paid on such sale?

W. R. Clark, president of the company.

18. If so, to whom?

Answered by 17.

19. What officer or officers of the Government delivered said bonds to the purchases?

Ans. Deputy Attorney General and Deputy Provincial Treasurer.

20. Was a special train chartered to convey such officers to New York?

Ans. No. A special train was chartered to convey officers from Calgary to St. Paul by President Clark.

21. If so, what did said special train cost?

Ans. Government has no knowledge.

22. Who paid for it?

Answered by 20 and 21.

23. Who were the passengers upon said special train, besides such officers of the government, if any?

Ans. W. R. Clark, president of the A. & G. W. R., B. R. Clark, brother of the president; E. A. James, manager; Cecil Goddard, assistant chief engineer; Mr. Lowes and Mr. Brown, of Calgary.

#### WANTED MORE MONEY

Council is Thus Robbed of a Good Prospect for Public Works Commissioner

The position of Public Works Commissioner for Edmonton is still vacant.

Last night a telegram was received from the gentleman that Mayor Lee and Ald. Gariepy both expected would be able to take the position. When interviewed by the mayor and Ald. Gariepy in Winnipeg, this gentleman said he would be willing to come. In the wire received last night he asked for a larger salary than was offered, and also wanted a contract for a certain number of years.

"We shall now have to look elsewhere," said Ald. Gariepy, thus dismissing the candidate who has hitherto been first choice.

#### An International Marriage.

Miss Hopt is the daughter of the Counsellor of the Department of State at Washington, and Mr. Von Stumm, is one of the secretaries of the German embassy. Their wedding takes place in the spring.

It was pointed out, however, that the demand which was made on the government was not a small one as raising over the terminal elevators would require an expenditure of several million dollars.

This was also involved the important question of government ownership of elevators. It was further pointed out that if the demand were granted legislation would be required, and at this advanced stage of the session the government could hardly hope to get the bill through along with the large amount of legislation now before parliament still remaining to be introduced.
